

STOKOE

COMMUNICATIONS

Top of the morning to all! Happy St. Paddy's!

This month we have a crew attending the ISCWEST Security Show in Vegas, we look forward to seeing all the new product introductions. With so many ongoing world issues, security is leading the way in developing new products to help protect you from novel challenges and threats. We will be focused on implementing new products including Cloud Based Technology and radar solutions as well as anything and everything that is coming in the future. We look forward to sharing these new products as soon as they are released to ensure you are informed on the latest available solutions for your security system.

Don't rely on luck for your security!

– Dave

New Product Spotlight:

i-PRO Advanced Security Radar

Protecting large-scale facilities just got smarter. The new i-PRO Security Radar combines cutting-edge 60GHz millimeter-wave technology with Edge-AI PTZ camera integration to deliver high-precision, wide-area monitoring—even in severe weather or low-light conditions.

Expansive Coverage: 180° detection up to 100m (328ft) for vehicles, 70m (230ft) for people.

Smart Tracking: Tracks movement paths and triggers alerts for designated zones.

Seamless PTZ Integration: Pairs effortlessly with i-PRO Edge-AI PTZ cameras.

High Accuracy: Advanced tech minimizes false alarms, keeping you focused on real threats.

Available in heavy salt damage resistant model.

🔌 NEW IN 2026: CABLE INSTALLATIONS! 🔌

Spring Has Sprung: Is Your Security System Ready for the Thaw?

It's time for spring cleanings, let Stokoe take care of it! Salt, grime, and melting ice can obscure camera lenses or damage outdoor cabling. We can clean domes, check focus, and test connections so you don't have to.
